## **Warrant for Annual Meeting**

---

### **THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton, on Tuesday, the 10th day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers.
2. To hear the reports of town officers, agents and committees and pass any vote relating thereto.
3. To see if the town will grant free use of the town hall for the following purposes: Roy Bent Post No. 10, American Legion; Wilton Fire Department for their annual party; Roy Bent Post No. 10, American Legion, for Memorial Day exercises.
4. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.
5. To see what action the town will take in regard to real estate taken over by the town for non-payment of taxes.
6. To see if the town will vote to accept the budget as prepared by the budget committee or make any alterations relating thereto.
7. To see if the town will vote to raise and appropriate the sum of \$187.69 (1/100th of one per cent of the assessed valuation) to the Monadnock Region Association of Southern New Hampshire for the issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the

town, in cooperation with the other thirty-seven towns in the Monadnock Region.

8. To see if the town will vote to raise and appropriate the sum of \$200.00 for the use of the Town Forest Committee or take any action relating thereto.

9. To see if the town will vote to raise and appropriate the sum of one hundred dollars to provide for additional fire protection due to the war emergency.

10. To see if the town will vote to raise and appropriate the sum of five hundred dollars to provide watchmen and additional police protection due to the war emergency.

11. To see if the town will vote to raise and appropriate the sum of one hundred dollars for the use of the town health officer and board of health due to the war emergency.

12. To see if the town will vote to purchase the so-called Robbins blacksmith shop property, provided the property can be purchased for \$750.00, or take any action relating thereto.

13. To see if the town will vote to raise and appropriate the sum of \$600.00 for a new heating system at the fire station.

14. To see if the town will vote to purchase a new siren for the fire department and raise and appropriate the sum of \$400.00 therefore.

15. To see what sum of money the town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall, police department, fire department, health department, vital statistics, sewer mainte-

nance, town road aid, town maintenance, parks and playgrounds, new equipment, street lighting, Municipal Court, town poor, old age assistance, aid to soldiers and their families, Memorial Day, cemeteries, interest, bonds, long term notes, county taxes, Monadnock Region Association, libraries, town forest, bridges, civilian defense, new lands and buildings.

16. To transact any other business that may legally come before said meeting.

Given under our hand and seal this 21st day of February 1942.

PETER J. DUGAN,  
WILLIAM M. ABBOTT,  
WILLIAM P. WHITING,  
Selectmen of Wilton, N. H.

## BUDGET

---

**Estimates of Revenue and Expenditures for the En-  
suing Year, Feb. 1, 1942 to Jan. 31, 1943, Com-  
pared with Actual Revenue and Expenditures

## Report of Water Commissioners

---

Water was supplied to the Town of Wilton for a major part of the year from the old reservoir. We had to put on the new reservoir a number of times for a short while on account of the water shortage, and also as usual, we had to get water from Burton Pond to keep the supply to the town going.

The water from the Stockwell Reservoir has improved a great deal in the past year.

Four new services have been added. Service pipes are getting old. We had a bad break in a twelve inch pipe on Forest Street near the Library. Packing in the joints gave out and caused considerable trouble. We expect more of this kind of trouble in the future.

LESLIE CENTER,  
PETER J. DUGAN,  
OMER J. SHEA.

---

---

Missing persons	2
Complaints, family troubles	44
Auto accidents reported	18
Store doors and windows unlocked	33
Lodgers or tramps	76

### ARRESTS

Driving so as to endanger	1
Reckless driving	1
Driving without license	1
License suspended upon recommendation to Motor Vehicle Commission	1
Keeping liquor for sale	1
Selling cider over 6 %	1
Drunkenness	13
Safe keeping	8

---

27

Respectfully submitted,

HENRY J. DRAYTON,

Chief of Police.

## Report of Municipal Court

### WILTON, N. H.

---

During the fiscal year ending January 31, 1942 there were thirty-five criminal cases and two juvenile cases. A small decrease in total number of cases as compared with last year. Fifteen of the criminal cases involved local persons and twenty out of town. The criminal cases consisted of eleven motor vehicle violations, thirteen drunks, one assault, four local parking regulations, two liquor, two fish and game, one neglect of children and one disorderly conduct. There was considerable increase in cases involving drunkenness.

I hereby submit the usual

## Report of Vale End Cemetery Committee

### For Year Ending February 1, 1942

---

The committee for the care of Vale End Cemetery carried on the work of maintenance of this old yard.

During the year we devoted the major portion of our money to making the cemetery a less costly place to keep up. As stated in our report of February 1938, practically the whole burden of this yard and lots falls on the town. This is due to the age of the lots and the fact that practically no people are interested in the individual lots—one dates back to 1752.

We have lowered many raised lots and filled in low places, thus making mowing and cleaning easier. There are some left that require quite a lot of money to fix up and we have these in view for later on.

If necessity demanded, this yard could be made fairly attractive with a small amount of money each year.

The power mower the selectmen bought for this cemetery last year has been of great assistance to us as well as other departments of the town. The Park Commissioners have had all their mowing done with this machine at a great saving in time.

The equipment at the cemetery is all in good order and ready to be used when required.

#### Expenses for the Year

Archie Thompson, labor	\$227 20
Leeds Frye, labor	1 60
Emil Maki, labor	8 00
F. Hutchinson, labor	8 00
F. Thompson, labor	3 20

	<hr/>	35 50

---

\$311 50

Respectfully submitted,

WHITNEY M. FRYE,  
LUTHER M. LANGDELL,  
WILLIAM G. ABBOTT.

## Report of Fire Department

---

During the past year substantial progress has been made in improving the fire department. There have been two thousand feet of hose purchased during the year and we recommend that two hundred and fifty feet additional hose be added each year. There have also been twelve Indian tanks added that were needed very badly, two new fog nozzles which have proven to be very successful, and smoke and gas masks. There have been many other improvements made by the firemen and others outside the fire department. We have answered fifty-six calls, sixteen of which were out of town. There were eight alarms in town and thirty-two still alarms. Most of these were chimney fires which could have been avoided if chimneys had been given more care. The fires which occurred in the past year endangered property totaling \$102,850.00 with a loss of \$1,154.00.

Firemen with the help of the townspeople raised the money to purchase an inhalator which we believe will prove most valuable to the community.

The fire equipment is in first class condition excepting the Ford truck with the old Northern pump which will be replaced on arrival of new pump. That has been ordered for some time, but due to the defense activities has been delayed. This is expected to be in operation before spring.

Respectfully submitted,

HARRY W. MONSON,  
WILFRED S. PELLERIN,  
WILFRID BERUBE,  
Board of Engineers.

## Report of Forest Committee

---

During 1941 your committee put out to bid the piling, winrowing and burning of the slash on the Whiting lot and the work was completed by Lawrence A. Gibbons, the lowest and only bidder, at a price of one hundred dollars, the entire amount of our appropriation.

On October 23rd the selectmen in accordance with the vote at last town meeting turned over to the committee the Ellen Brown Homestead property, the Charles Brown lot and the Daniel Frazer lot. Having no further funds, nothing has been done with these properties. It would appear advisable to your committee that the buildings on the Ellen Brown property be disposed of and the road thereto closed so as to avoid further cost to the town for maintenance of said road and legal liability therefor.

The committee recommends that the sum of Two Hundred Dollars be appropriated for the coming year for the purpose of buying and setting out of pines on the Whiting lot and a careful survey and appraisement of the three new tracts turned over to the committee by the selectmen.

Respectfully submitted,

HAROLD D. CHEEVER,  
PHILIP C. HEALD,  
JAMES E. BURKE.

## Report of Forest Fire Warden

---

We would like to thank the men and boys of Wilton for their fine assistance in fighting forest fires this last year. Also, we wish to thank the people who have been so careful about starting fires. This has cut Wilton's cost of brush fires down to a minimum. We have in the past year answered sixteen calls for forest fires, with but four of these in Wilton. Two were small brush fires and two were dump fires. Calls were answered from Lyndeboro, Antrim, Hancock, Harrisville and Sharon. We hope that you will try to make the coming year an even better one. The danger of forest fires will be greater than before, so more precautions must be taken. If any signs of fire are noticed, please notify the Wilton operator at once. This, as you know, is more important than ever before.

Respectfully submitted,

HARRY W. MONSON, Phone 4-3 or 43,  
Forest Fire Warden.

Deputies:

Wilfred S. Pellerin, Phone 113-3

Wilfrid Berube, Phone

Charles Stearns, Phone 72-12

J. V. Tuttle, Phone 48-14

Secretary-Treasurer.

## Report of Park and Playground Commission

---

During the past year additional shrubbery and trees were planted on the Park and Livermore Street sides of the park. Cost of keeping grass mowed during the past summer was materially reduced due to using a new type of mower in conjunction with the Cemetery Committee. We believe that new planting of shrubs and trees should be made each year so that their growth will be as uniform as possible. Cost of maintaining park will necessarily increase as shrubbery program is continued. There is also work to be done on the original trees which were seriously injured during the hurricane and due to their age.

The Commissioners have studied the feasibility of using part of the playground in winter time for safe skating for the younger people. This of course would cost something and it will be impossible for the Commissioners to do anything along this line if the appropriation is reduced. We therefore recommend an appropriation of Four Hundred Dollars, the same as last year.

JOHN T. HURLEY,  
H. D. CHEEVER,  
J. ELMER DRAPER,  
Park Commissioners.

## **Report of Planning Board**

### **For Year Ending February 1, 1942**

---

The Planning Board carried on the work of looking to the betterment of the town.

Work on an ordinance progressed during the year; but we do not feel we have the idea perfected sufficiently to present to the voters.

The Robbins Blacksmith Shop is being used by the Road Agent as a garage and tool room. The Water Works also use this building.

Mrs. Holt is anxious to sell this property and we recommend that the town purchase the same; both for utilities' sake at present and also as a means of protecting the neighboring public buildings for the future.

We recommend an article in the Town Warrant as follows: "That \$750.00 be raised and appropriated for the purchase of the Robbins Blacksmith Shop property. The Selectmen are authorized to make such purchase."

The Planning Board had the necessary number of meetings during the past year.

Respectfully submitted,

W. P. WHITING,  
H. D. CHEEVER,  
J. BURKE,  
J. ABBOTT,  
W. M. FRYE.

## Report of Trustees of Trust Funds

---

Two new funds for care of cemetery lots were received during the year, making the total number of funds for that purpose 111. One fund was increased from \$50 to \$150.

Funds for care of lots total \$12,260, with income for the year \$203.16. The sum of \$183.05 was expended during the year for the care and upkeep of the various lots.

The receipts of the Howard and Spalding School Funds were paid to the Treasurer of the School District.

The Trustees have decided to invest the Cemetery Trust Funds in United States Defense Bonds, which will increase the income from these funds.

A list of Trust Funds showing receipts and expenditures for each fund follows.

Respectfully submitted,

W. L. STANTON,

For the Trustees.

70

## Report of Auditors

---

Selectmen, Town of Wilton:

We have completed our audit of the books of the various officers of the town for the year ending January 31, 1942 and find them in good order.

The records of the Trustees of the Trust Funds, Trustees of the Wilton Public Library, Trustees of the E. A. Newell Book Fund and Judge of the Municipal Court have all been checked and found correct.

We have gone over the records of the Water Commissioners for sales, receipts and uncollected balance as of January 31 and found them to be correct. Collections were properly turned over to the Treasurer regularly. Town Clerk's records on registrations of automobile and dog licenses have been checked and found correct and collections turned over to the Town Treasurer.

The warrants, receipts, and uncollected balances of the Tax Collectors have been checked and found to be correct. The uncollected accounts of the Tax Collectors and the Town Water Commissioners have been verified by sending individual notices to each debtor.

The records and reports of the Selectmen and the Town Treasurer have been checked and found correct. All invoices paid were on file and properly vouched for.

We very much appreciate the cooperation of the Town Officers in presenting their records for audit so promptly and congratulate them on their appearance.

Yours truly,

JOHN T. HURLEY,  
PAUL V. HERLIHY,

Auditors of the Town.

February 21, 1942.

## REPORT OF SCHOOL BOARD

---

At the annual School Meeting in March 1941 we were instructed to make a report as follows: "That a thorough study of the school situation, financially and otherwise, be made by the School Board and a definite report be given at the next school meeting and to the Budget Committee." In accord with such instructions we submit the following:

One of our first duties after the school meeting was the election of teachers for the year following. We gave a good deal of time to this matter in conjunction with a study of a new curricula for the High School. We did not renew Erle S. Wilkie's contract as he was not recommended by our Superintendent, and his ability as a Mechanical Drawing teacher was not needed as we were dropping that course. The balance of teachers' contracts were renewed. Henry Flynn, having accepted a contract elsewhere, notified us in August of his acceptance of another position. We replaced him as Physical Director and Science teacher in Chemistry and Biology with Harold Smith. He is also giving time to Hand Craft with Junior High School boys.

Soon after school opened in the fall Miss Catherine Hughes asked for a release from her contract as Business and Typing teacher and we released her. Previously Appleton Academy employed Miss Hughes half time, but did not want to continue that arrangement. This necessitated employing Joseph A. Oxman on a full time basis. Late in December Miss Jane Mitchell asked for release of her contract to go to Southington, Conn. We granted her request and were fortunate in securing Mrs. Virginia Beck to take over the first grade. In January Mrs. Helen H. Brown asked for a release from her contract on account of sickness and we granted her request. We have replaced her with Miss Claire Potvin.

One of our teachers was offered a salary above what we felt we could afford to pay. We met the increased salary offered by the other school to save another change of teachers in the middle of the year.

It has become a common practice to release teachers from contracts when they are offered positions with higher salary or standing, professionally. We feel that this impedes the program of education when it occurs too often during the school year. The present contract appears one-sided, placing all the obligation on the school district, and we plan to form a new type of contract which will be fair to both contracting parties, in the hope that it will eliminate the disruption in school affairs of the past year.

In May we attended the Supervisory Union meeting. Mr. Abbott acted as chairman. Routine matters of interest were discussed, also the subject of removing the Supervisory Union Superintendent's office from the Wilton school building. The Wilton School Board voted to have this office removed and the Union voted money for an office elsewhere, the office being moved in January to the Post Office Block.

We might state that the moving of the Union Superintendent's office has been done for better efficiency, both at the school by placing responsibility where it belongs on individual teachers and headmaster, and also allowing the Superintendent uninterrupted time for his special duties.

We believe that many people have always felt that the Superintendent was the one to go to for all questions regarding the Wilton schools, also that he should know about everything that goes on at the school. We wish to state that he has many duties outside our town, having seven other towns to supervise. Parents should contact the teacher in

the first to the seventh grade and the headmaster from the seventh through the high school. The School Board should be contacted if satisfaction is not obtained, or on a general matter which a teacher could not answer.

The Board wishes to state that all are free to call on them for answers to their questions. We shall also appreciate matters of interest being brought to our attention.

Feeling that it might be difficult to obtain high quality fuel, and also for general heating efficiency, a Link-Belt Stoker was installed in the summer. Some experimenting was required at first, and repairs and adjustments made before we felt it was working satisfactorily and economically. Lower cost fuel is used and more uniform heat is obtained, and it is probable that more improvements can be made.

A considerable amount of cleaning, painting and varnishing was done during the summer. The first grade room was painted, taking the place of the old varnished walls. The reaction from citizens and teachers has been favorable. We propose further painting in the grade rooms this summer, due to the pleasing reaction to this room.

The boys' toilets are very old and we are asking for money to make them more sanitary and up-to-date.

The physical condition of the buildings is fair only. It appears that during a period of years many small things have been allowed to go undone or repaired in an unworkmanship manner, probably through necessity of saving expense. The main building is now 47 years old and the floors and stairs show much wear. They will require replacements before many years.

As everyone is aware, costs have gone up very much since last March. An endeavor on our part to

lower costs has been definitely obliterated by new expenses.

Believing that it is essential that everyone have more knowledge of modern business methods we have introduced a course in general business in the High School. We were limited in the scope of this course due to the State Department of Education limitations. A general mathematics course is now required of all freshmen to balance their high school program.

Time has been devoted to preparing for possible bombing and incendiary conflagration. The children will be removed from our buildings, which are not a type that will withstand severe shock. Citizens' wooden houses within a reasonable distance will be used.

We take this opportunity of thanking all those who have offered the facilities of their homes for this evacuation purpose.

It was with deep regret that we lost our sixth grade teacher, Mrs. Albert H. Bryan, through death. She had ably and efficiently served the school district and it will be difficult to replace her valuable services. Mrs. Frizzell was secured to fill the vacancy in the sixth grade for the balance of the year.

Believing that something hot should be served those children bringing their own lunches, we have started the practice of serving one hot dish and a fruit at the noon period. Further complete study must be given this matter as it has only just been promoted. It is our earnest desire to have the children avail themselves of this opportunity. We appreciate the interest of both the Grange and the Parent-Teacher Association in this noon hour lunch. Their assistance can be of material value in making this feature succeed.

As an answer to questions asked as to the stand-

ing of our schools compared to others, we presented examinations to various groups last June. These tests were prepared by the Educational Record Bureau. They were presented to the pupils and immediately sent to New York for analysis. The results indicated favorable comparisons with thousands of pupils in other public schools.

The citizens are assured that the subject matter offered the pupils and the ability of the teachers are commensurate with localities even larger than our own.

It is our purpose to carry on this type of examination in an endeavor to make our schools even better.

Certain small savings have come during the year. The dropping of the Mechanical Drawing course allowed us to save one teacher. This was somewhat counterbalanced by having a full time Business and Typing teacher.

The stoker allows us to use cheaper coal and our janitor has been doing much more work about the property while the machine operates automatically. This will be a material item in our opinion as time goes on.

To answer questions as to how we can make the costs of the schools less we offer the following:

The grades are a relatively fixed item and that cost is quite stable. There is the item of music that could be eliminated.

Physical Education, which is cut materially this season compared to recent years, could be entirely eliminated.

The above two moves would almost eliminate the use of the auditorium which is an expensive unit to maintain, probably taking a third of our fuel and lights. The elimination of small functions and rehearsals in the auditorium would save unnecessary expense.

By substituting less experienced and less capable teachers a material saving could be made. To keep our high standard of education we will probably have to continue to increase the level of teachers' salaries for the duration. Reduction of teachers' salaries as a means of economy we do not recommend.

WILLIAM M. ABBOTT,  
CHARLES M. ABBOT,  
WHITNEY M. FRYE.

## REPORT OF SCHOOL SUPERINTENDENT

---

To the School Board and Citizens of Wilton:

### **Education and the Second World War**

Our nation, together with other freedom-loving peoples of the world, is at war with a group of nations whose leaders would impose upon the whole world a way of life that is utterly opposed to our way of life. Our one immediate aim is to win this struggle, and all our material resources and energies must be marshalled for the accomplishment of this purpose. I am thinking not simply of the military victory which is of course the immediate objective, but also of the "winning of the peace"; for unless the world emerges from this struggle with a plan for improved international relationships as a basis for better living and understanding among all of its people, our efforts and sacrifices will have been in vain.

The responsibilities resting upon the public schools have increased throughout the years and new problems of the future will still further increase those responsibilities. The dominant role in promoting a general understanding and appreciation of the ideals of the American way of life among the people always has been and must always be that of the school. In so far as the schools work out a sound educational philosophy and apply it wisely in a constructive educational program the success of democracy is assured. Blame for the failures and weaknesses in our American system may rest in part upon other shoulders, but it must always be attributed primarily to the failure of education to properly plant the seed and nurture the growth of the ideals of democracy in the youth of the nation.

While we must "for the duration" bend all efforts to the winning of the war, we must not fail to

carry on the processes of education with undiminished vigor and effectiveness. We must not cease to study our objectives and procedures to the end that they may be continually improved to meet the constantly changing needs of the times. We must not forget that education is concerned with more than the accumulation of knowledge, the development of skills, and improvement of understanding; we must remember constantly that the emotional element of human nature largely determines what use is made of this knowledge, understanding and skill; that it is the ideals, appreciations and interests that are awakened as well as the knowledge, understanding and skills that are developed through the learning processes, which brings about the desirable resultant intelligent participation in life activities.

To be more specific in terms of our local situation, the war emergency compels us to give consideration to such problems as the following; The possibility of enlarging our limited program of technical training to include provision for federally aided mechanic arts work for high school pupils and possibly also for older youth and adults. Provision for encouraging and supervising school and community gardens for the home growing of vegetables and other food products including the preserving of foods and vegetables. The training and supervising of young people to assist in the work of Defense Councils, Selective Service Boards, Red Cross, and other organized groups. The organizing and directing of summer vacation efforts to aid in the war program. Providing for high school pupils helping at the harvest season. Provisions for training more people in first aid and home nursing. Ways of improving our efforts to promote health and physical efficiency. A more conscious and well directed effort to strengthen the morale of the pupils and through them the community with respect to faith in Amer-

ican Democracy and with respect to their attitude toward people of other nationalities and particularly toward people of those nationalities with which we are now at war.

### **Increasing Cost**

If education is as important a fundamental in a democracy as we have considered it to be in the foregoing discussion, we cannot fail to recognize the necessity for giving it support second to nothing else unless it be for the time being to the necessity of winning the war. We are all experiencing the effects of the war economy in increasing costs, and our first instinctive thought is the necessity for economy in our personal and governmental expenditures. In this connection I should like to quote part of a statement prepared by the Policy Committee of the New England Association of School Superintendents: "We believe this to be a time when wise expenditures of money for public education should be consistently upheld by the taxpayers and that all selfish attempts to reduce such appropriations in the interest of so-called 'Economy' should be strongly opposed. The rising cost of living and the reduction in buying power make higher salaries and higher general cost inevitable. Higher school appropriations will be required. Committees that fail to provide adequately for conditions ahead are likely to see the schools and the product of the schools severely handicapped. No question exists as to the continuing supply of material resources for our Arsenal of Democracy. There likewise should be no question about adequate support for one of its outstanding spiritual resources, namely The Public School System of America."

The National Commission for the Defense of Democracies Through Education calls attention to the effect of inflated living costs during the first

World War, which compelled low-salaried teachers to accept better wages in business and industries and necessitated the filling of their places in the school rooms by unqualified people, and suggests that "part of the physical and educational unfitness of youth rejected for military service today can be charged to the inadequacies forced upon the schools during and following the World War." The Commission points out that we are already entering the first cycle of those events again. Teachers in large numbers are leaving for better paying positions in defense industries and government agencies. This situation has already become serious in some of the South and Central States where teachers' salaries are below the average. If this flow of teachers to better paid occupations is not checked, it will not be long before sections like our own, where somewhat higher salaries are paid, will be threatened with the necessity of replacing teachers with persons less adequately trained.

The Commission points out that in two years (to October 1941) the cost of living has gone up 11% and food prices have risen 19%, and estimates that the cost of living will increase another 15% in 1942, even if a start is made toward price control. They also state, "during these two years the twelve million factory workers have received an increase of 30% in average weekly earnings, cash incomes from farm products has gone up 45%, teachers' salaries for the most part have remained static." To quote further, "the times permit a more generous financial support of schools. Incomes in general are rising faster than the cost of living, property is worth more, tax delinquency is less."

### Tests

As in the past, the Stanford Achievement Tests and the Metropolitan Achievement Tests have been

given in October to all pupils in Grades 3 to 8; in January to Grade 2; and in May to Grade 1, and to those pupils who had low scores in the October tests or were absent or entered school after the October testing. All of these tests are given, scored and tabulated by the teachers. The tabulated results are assembled in my office and such comparisons are made with the test standards and with the results of previous tests as are found useful both to me in supervising the schools as a whole and to the teachers in gauging their instruction in the various subjects, and in locating weaknesses that need to be corrected.

The authors and publishers of the Stanford Achievement Test have made a thorough going revision in these tests and the new forms were used for the first time in my district last October. The changes made in the tests and the resulting changes appearing in the standards for each grade were such that a comparison of results with those of previous years is somewhat misleading. The October 1941 tests show, however, that the pupils in my district in Grade 8 were about one month below the standard, in Grade 7 one month above the standard, in Grade 6 three months above standard, in Grade 5 one month above standard, and in Grade 4 one month above standard.

Respectfully submitted,

VERNON S. AMES,  
Superintendent of Schools.

February 17, 1942.

# STATISTICS FOR SCHOOL YEAR ENDING JUNE 30, 1941

School	Boys	Girls	Total	Average Membership	Average Attendance	Per Cent of Attendance	Total Tardinesses	Tardinesses Per Pupil

## HEADMASTER'S REPORT

To the Superintendent, School Board, and Citizens of Wilton:

I herewith submit my fourth annual report as Headmaster of Wilton Junior and Senior High School. The present teaching staff is as follows: Roland E. Currier, B.S., M.S.; Abraham J. Oxman, B.S., M.C.S.; Walter K. Smith, B.S.; Miss Pearle H. Grant, B.A.; Miss Marie Faldetta, B.A.; Mrs. Helen Brown, B.S.; Miss Dorothy Cunningham B.Ed.; Miss Ethelyn Edwards.

The attendance in both the junior and senior high schools has been good this year. The following high school pupils have neither been absent nor tardy during the first 16 weeks of school. I wish to congratulate them for this fine record. Arnold Baldwin, Winston Center, Harriet Cleaves, Marguerite Crosby, Louise Crowley, Alvin Fairfield, Leona Fox, Irene Fox, Theresa Fraser, Thelma French, Jean Greeley, Norma Higgins, Alice Kimball, Barbara Pierce, Robert Pollock, Lucille Poulin, Ellis Ring, Leroy Tuttle and Kenneth Tuttle.

We have had twelve tuition pupils in the high school this year. Seven are from Lyndeboro, four from Temple, and one from Greenville.

The following pupils have earned 90% or more in all unit subjects: Norma Drislane and Barbara Pierce.

The pupils listed below have earned 80% or above in all unit subjects for the first two marking periods: Mary Breen, Norma Center, Madeline Doucette, Robert Draper, Thelma French, Jean Greeley, David Young, Harriet Cleaves, Irene Fox, Norma Higgins, William Holt, Margaret Pittman, David Poulin, Gladys Robinson, Rupert Smith, Norma Cheever, Edna Glines, Milton Huber, Robert Pittman, Fred Wilkinson, Margaret Quigley, Edna

Bean, Doris Boutwell, Theresa Burke, Winston Center, Ruth Greeley, Robert Pollock, Flora Richardson and Marie Stanton.

The members of the class of 1941 are located as follows: Benjamin Holt, University of New Hampshire; William Maher, Manhattan College, New York; Lois Thompson, Geneva College, Beaver Falls, Penn.; Hazel Cheever and Eileen Dunn, Nashua Business College; Raymond Huber, Brown and Sharp Mechanical School, Providence; Olive Ring, Occupational Therapy and Handicraft School, Boston; Edna Wheeler, Becker Business College, Worcester, Mass.; Joseph Pollock, Machinist School, Concord; West Worsman, U. S. Air Corps; Robert Stanton, U. S. Navy; Mildred Gutterson, Conrad's Store, Boston; Robert Nichols, Express Business; Pierre Balcom, Whiting's Mill; Dorothy Broome, John L. Martin's; Camille Crisafulli, Shoe Store, Milford; Agnes Doucette, Irene Wesoja and Alfred Jarest, Abbott Worsted Mills; Patricia Gregoire, Nursery Day School at home; Harold Jowders, Abbott Machine Shop; Chester McGrath, Hillsborough Mills; Martena Richardson, waitress at the Fountain House. The graduates of Wilton High School who are attending colleges and universities are doing satisfactory work.

The members of the class of 1942 have shown preferences for the following occupations: electrical engineering, navy, chemical engineering, mechanics, nursing, bookkeeping, physical education teaching, secretary, dietician, teaching, aviation, and boxing. The magazines, pamphlets, and job series sheets published by the Chicago Science Research Associates have helped us greatly in our occupations guidance. The Morgan-Dillon and Company pamphlets have helped us a great deal in this work.

We have had our annual state inspection and

Wilton High School has been approved as a standard secondary school of the first class.

This year classes are held five times per week instead of four. This has resulted in the accomplishment of more academic work. Of course, it has been necessary to curtail the physical training program. The coach is also teaching more academic subjects this year.

A sound mind in a sound body is a short but full description of a happy state in this world. The person who has these has little more to wish for and he that wants either of them would be but little better for anything else.

The number of cases of discipline referred to the Headmaster has declined steadily each year. Information regarding serious cases of discipline is never given to the press or public as it should not be published. Personally, I find that the pupils in this school, at present, are very cooperative in performing reasonable activities.

I would like to take this opportunity to thank all of those pupils, teachers, parents, and friends who have aided us in so many ways in our efforts, both in and out of class, to secure the maximum training for each tax dollar.

Respectfully submitted,

ROLAND E. CURRIER,

Headmaster of Wilton High School.

January 5, 1942.

## REPORT OF SCHOOL NURSE

### 1941-1942

#### Grades 1-6:

Boys examined by Dr. Powers, 93. No defects 42.  
 Girls examined by Dr. Rice, 73. No defects 40.  
 Defective tonsils, 19 boys, 11 girls; 24 tonsilectomies.

Defective teeth, 29 boys, 26 girls.

Cardiac, 3 boys, 2 girls; 4 under treatment, 1 moved away.

Malnourished, 3 boys, no girls; gained weight.

Small vision defects, 4 boys, 6 girls; good corrections with glasses, 12.

Susp. pulmonary, 1 boy; no girls; negative X-ray.

Poor posture, 1 boy; no girls; behavior habit.

#### Grades 7-8:

Boys examined by Dr. Powers, 41. No defects 15.

Girls examined by Dr. Rice, 20. No defects 6.

Defective tonsils, 9 boys, 2 girls.

Defective teeth, 17 boys, 7 girls.

Cardiac, no boys, 1 girl; improved.

Malnourished, 1 boy, 1 girl; gained weight.

Vision defects, not complete; 12 new glasses.

Susp. pulmonary, 2 boys, no girls; negative X-ray.

Orthopedic, 1 boy, no girls; left school.

Excessive wax, 2 boys, 1 girl; no apparent hearing defect.

Athlete's foot, 3 boys, 4 girls; checked.

#### High School:

Boys examined by Dr. Powers, 51. No defects 34.

Girls examined by Dr. Rice, 50. No defects 22.

Defective tonsils, 7 boys, 3 girls; 1 tonsilectomy.

Defective teeth, 7 boys, 15 girls; 1 clinic correction.

Cardiac, 7 boys, no girls; improved.

Vision defects, not complete; 10 new glasses.

Susp. pulmonary, 1 boy; left school.

Orthopedic, 1 boy, no girls; left school.

Excessive wax, no boys, 7 girls; no apparent hearing defects.

Athlete's foot, no boys, 4 girls; checked.

One hundred and one children were given Whooping Cough inoculations in May 1941, when we were in the midst of an epidemic. Red Cross Fund was used to purchase serum. Many children were benefited and a few appeared to have immunized.

Two children are ill with Chicken Pox at present, fortunately with no school contacts.

In Grades 2 and 3, six children are now quarantined with light cases of Scarlet Fever. Family contacts have been excluded. Close school check-up disclosed one case over the week-end two weeks ago. No new cases since then.

Respectfully submitted,

EDNA J. GILBERT, R. N.

February 9, 1942.
